Client Coverage Memo — Aurora Renewable Power

Meridian Capital Partners Power, Utilities & Infrastructure Banking | Prepared by: Coverage Team (J. Whitaker, MD) | Updated: 1 Nov 2026

Relationship Overview

Aurora is a **Tier 1 strategic client**. The firm was green structuring agent and joint bookrunner on Aurora's $1.0B green bonds (2023 and 2025) and advised on the 2025 tax-credit transfer programme. 3-year wallet to the firm: $18.3M (wallet share ~19%, #2).

Key Client Contacts

Name	Title	Relationship notes
Maya Thornton	President & CEO	Visionary; wants Aurora seen as 'the AI power company'
Daniel Reyes	Chief Financial Officer	Rating-focused; former rating-agency analyst
Chloe Nakamura	Head of Capital Markets	Day-to-day contact; runs bank league tables tightly
Oliver Grant	Head of Sustainability	Owns green financing framework and SPO process

Recent Interactions (Call Reports)

10 Sep 2026 – Capital markets update: Nakamura requested a comparison of hybrid capital vs. preferred equity vs. minority asset sale for 2027 funding. She indicated three banks are pitching.

30 Sep 2026 – CFO meeting: Reyes wants to keep FFO/debt above 13% (BBB threshold). He is concerned that a hybrid may be viewed as 'debt-like' by some investors.

20 Oct 2026 – CEO at energy conference: Thornton is very interested in a joint venture with a hyperscaler to co-develop dedicated generation for data-center campuses — asked us for ideas on partner structures.

Open Opportunities

Opportunity	Est. size	Est. fee	Probability	Timing
Inaugural green hybrid	$1.5B	$7–9M	55%	H1 2027
Minority portfolio stake sale	~$2.5B equity value	$10–14M	35%	2027
Hyperscaler JV advisory	n/a	$5–8M	25%	2027
ATM programme agent	$750M	$1–2M	60%	Ongoing

Suggested Talking Points for Next Meeting

1) Present a rating-agency-ready analysis of the hybrid with FFO/debt pro-forma impact. 2) Show investor demand evidence from our recent utility hybrid placements. 3) Bring 2–3 hyperscaler JV structure ideas for the CEO. 4) Ensure green framework update (SPO) is coordinated with Oliver Grant early.
